

Roof & Hail Damage Checklist

Openings, slopes, and interior leaks should stay connected in the file.

- 01.** Photograph roof slopes, soft metals, screens, and granules when accessible/safe.
 - 02.** Document interior stains that line up with exterior openings.
 - 03.** Keep weather reports / hail date notes for your ZIP if available.
 - 04.** Save tarp invoices and temporary repair receipts.
 - 05.** Compare the carrier estimate line-by-line to affected slopes and code items.
 - 06.** Retain claim number, letters, and inspection appointment notes.
 - 07.** Gather the full policy jacket and roof-related endorsements.
 - 08.** Get a free AF Claims review before accepting a patch-only scope.
